# ERIK BOYE

## PASSION, DRIVE & SUCCESS

Three words best describe Erik Boye of 8z Real Estate: passion, drive, and success. As a native to Colorado, Erik is acclimated to winter climates and anything challenging that comes his way. In fact, he welcomes challenges and the success and joy of meeting them brings.

Some would say a person with such ambition is an overachiever but with Erik, it's about creating success for his customers. A graduate of CU Boulder, his goal is not to just "put them in a home" but also to help them invest in their future fiscally. Erik calls it "wealth building." "Whether making a home purchase or an investment, the real estate market requires constant review and analysis and I never stop in my efforts to be a leader in market knowledge...staying current with market trends and changes."

His real estate business career has taken a path of definite success over the past 20+ years but maybe, the true reason for his success is the investment he's put into his family. As a ski racer from his youth and a successful coach today, Erik stops at nothing

short of a challenge in his personal life as well. "Raising three teens or ski racing at speeds up to 70mph can make selling real estate simple in comparison. Each provides their own respective challenges, successes, and joys." Erik loves his family and sings the praises of how supportive his wife is: "My supportive wife, Nikki, and my kids are a big reason for my success. Family keeps everything in perspective."

As a resident and family man of Boulder for over 30 years, Erik knows the community well and is an asset to customers. He knows the ins and outs of many neighborhoods and can customize each purchase to fit the needs of his valuable customers. They are not just another transaction for Erik but a valuable part of the real estate investment. His goal is "...to make my clients' purchases or sales enjoyable, financially beneficial and stress-free." He does this often, just check his reviews online.

My supportive wife, Nikki, and my kids are a big reason for my success. Family keeps everything in perspective. ”

•••

Mr. Boye services both buyers and sellers throughout Boulder, Louisville, Lafayette, Superior, Longmont, Erie, Broomfield, and North Denver. He has specific expertise in Boulder's Eisenhower community, including the Arapahoe Ridge, Country Club, Greenbelt Meadows, Keewaydin, Meadow Glen, Old Tale, The Reserve, and Wonderview neighborhoods. As a native Coloradoan, he has called several beautiful cities his home: Aspen, Boulder, Fort Collins, Steamboat Springs, and Winter Park. But since 1987, I have been a Boulder resident and currently live in Arapahoe Ridge. Erik goes above and beyond for the perfect fit but he is so good at what he does, it not only comes with ease but he loves it.

Another valuable part of Erik's career is his role as a manager. He strongly believes in passing down the knowledge and wisdom he's gained over the years in the real estate industry. As a member of many supervisory boards, including the local Boulder Area REALTOR® Association, Boye is helping create cohesion and excellence throughout the Boulder County real estate community. Clearly, for Boye, his life is not just about one goal but instead building lifelong success that will impact others for good.

Mr. Boye is also a member at the Meadows Swim and Tennis Club, HOA President and board member of the Gatepost Townhome Association, an HOA board member for the College Townhome Association, and an HOA board member for Wolfpark Townhomes in Winter Park. He likes to keep busy and his performance in Real Estate is only improved by his involvement.

I bet you wonder how such a passionate, driven and successful real estate businessman finds his joy? For Erik, it's not just real estate, it's his family and his many hobbies. "I enjoy skiing, biking, tennis, running and camping with my family. Before I became involved with real estate, I enjoyed ski racing. I attended the University of Colorado at Boulder and have ski raced for CU, Winter Park, and Eldora. And for the past 10 years, I have been a ski racing coach at Winter Park." Real estate is not just a job for Erik, it's one of his many passions and it shows by his ongoing excellence and success.
